Circuit Information

Pit garages: Yes
Catering: Canteen open 07:30 – 16:00 Plus small sweetshop
Petrol: On circuit
Noise Limit: 105db/98db

Length: GP 2.50 miles, National 1.95 miles

Situated just off junction 23A of the M1. Former home to the Moto Grand Prix and not just one of our favourite tracks, it's Rossi's as well. Craner Curves gets the heart racing to say the least. Smoothness is the key here as one corner leads into another, if you get one wrong, it affects the next two!! Circuit layout redesigned over the 2009 winter for the Formula 1 Championship.

Check in commences at 07.30 with a full rider briefing at 08.40 for ALL riders. Please arrive as early as possible, the quicker you are checked in the quicker track time can start. All riders OF ALL GROUPS must attend the briefing to be allowed on circuit, you will be presented with a voucher without which you will not be allowed on track. The sessions commence with the Fast group out on track at 09:00 followed by Intermediate and then Novice groups. Sessions are usually 20 minutes. We run sessions until 17:00 with an hours break for lunch.

For our evening track events, check in is between 16:30 and 17:00 with a full rider briefing for ALL riders at 17:00. Briefing attendance is compulsory and the voucher system for the evening is as per the paragraph above. The sessions commence with the Fast group out on track at 17:30 followed by Intermediate and then Novice groups. Sessions are usually 20 minutes. We run sessions until 20:30. Please note that all evening sessions and quiet days are 98db and this will be strictly enforced by the circuit. If you go over this limit you will be refused access to the track. This is entirely up to the circuit and beyond No Limits control.

The circuits that we use insist that you wear one-piece race or two-piece zipped together leathers, gloves, boots and an ACU approved safety helmet. If you don't wear these items on the day, the circuit will not allow you to ride. Please note certain types of helmet ie. Simpsons are not approved for bike riding on circuit

Our instructors will be on hand for advice about bike set up and track riding. Please come and see us on the day if you need our assistance.

Please complete the enclosed No Limits Registration form and bring it with you to the circuit (one per rider).

Look forward to seeing you on track.
